Emergency procedures specific to Telehealth services

There are additional procedures that we need to have in place specific to Telehealth services. These are for your safety in case of an emergency and are as follows:

You understand that if you are having suicidal or homicidal thoughts, experiencing psychotic symptoms, or in a crisis that we cannot solve remotely, I may determine that you need a higher level of care and Telehealth services are not appropriate. I require an Emergency Contact Person (ECP) who I may contact on your behalf in a life-threatening emergency only. Please enter this person's name and contact information below.

Either you or I will verify that your ECP is willing and able to go to your location in the event of an emergency. Additionally, if either you, your ECP, or I determine necessary, the ECP agrees take you to a hospital. Your signature at the end of this document indicates that you understand I will only contact this individual in the extreme circumstances stated above.
